Sussex Christian School

Introduces:

The Small Change Project!

Helping More Families afford Christian Education through Tuition Assistance.

Sussex Christian School is looking to partner with Christian Education Funding, Inc., a Christian company which has developed a fundraising application that is accessible from any web-browser on your phone or Internet device. We believe this will be an effective and powerful tool for raising funds for tuition assistance grants for Sussex Christian School families.

You won't be selling any products, promoting any services, or planning any events. While we believe that all those things have value in building community, we are passionate about getting as much money into tuition assistance grants as possible, and to make a Christian education here accessible to as many families as possible. Here's how it works:

- The application allows SCS supporters (i.e. parents, grandparents, staff, alumni, friends, business owners) to enroll with the credit or debit card they use for everyday transactions, like getting gas, buying groceries, grabbing a coffee at Dunkin.
- Users select our school's Tuition Assistance Fund in the application as the designated recipient of their gifting contributions.
- Then, every time they use their enrolled card(s), the charge is rounded up to the nearest whole dollar, and whatever the difference is goes to the SCS Tuition Assistance fund.
- Users don't have to change anything about their spending habits.
- Users can "pause" their contributions any time they like, and re-start when they like.
- There are no pre-loaded cards, nothing to carry around, no calls to get local stores to participate, and no product sales to our families.

Unlike product sales and event-based fund-raising programs, this tool nets 75-80% to the school right out of the gate, and this net amount increases dramatically as your numbers grow, and as the number of total users in our program grows. Christian Education Funding continues to develop additional features and technology, and are committed to driving their expenses down aggressively as they progress to maximize the impact to ministry.

SCS supporters make one simple principled and purposeful decision, and then Christian Education Funding does the rest. It's simple, secure, and completely under their control, and it adds no administrative burden to the school.

To get this program started, SCS has been requested to start and maintain 20 accounts. The Finance Committee would like to get a confirmation list from supporters prior to creating the initial account with Christian Education Funding before enrolling individual users. Once the confirmation list reaches 20, the account will become activated and individual users can then register. If you are willing to participate in this program or have additional questions, please e-mail Ken Jeltama at kenneth.jeltama@gmail.com or Marcie Walther at office@sussexchristianschool.org.
